

20ft SEA CONTAINERS

Cape Containers has a range of 20ft sea containers for sale within the South-West Region of WA. Sea Containers are strong, versatile and can be used for:

- Safe storage for building/ construction sites
- Personal, schooling or business storage
- Workshops for small businesses
- Vehicle or equipment storage
- Moving house

Delivery of empty containers can be made via Cape Containers HIAB truck. We can also arrange the movement of containers loaded with contents.
